where school children, folks in wheelchairs, and people with canes cross streets safely in their own time. We see streets lined with homes, bustling shops and restaurants. We see bridges and waterways where people on bicycles and on foot travel alongside buses and cars on their way to work, to the doctor, to the grocery store - freely and safely.

For the 2022 year, 83 cents of every dollar spent went to our charitable programs.

What We Are Doing:

Bridges Front-and-Center

Bridges should serve as connectors instead of barriers. We have continued to coordinate with the City of Charleston on an ad hoc basis as they met the federal obligation deadline for the new Ashley River Bicycle & Pedestrian Bridge, including regular check-ins to develop improvements to the West Ashley Greenway, which will feed into the new bridge. We are working with a group on wayfinding signage along the West Ashley Greenway and Bikeway, and connecting it to the Ashley River Bike/Ped Bridge and Highway 61 bike lanes.

Collaborating with our coalition and Charleston County, we assisted with the County's first federal grant application to USDOT for a Better North

Bridge. Our work included many hours of community outreach and engagement, as well as meeting with state legislators. Not only has this project now officially been introduced to USDOT, but we also shared a one-pager with Secretary Buttigieg and team during their visit to North Charleston. The County completed work on the sidewalk installation and a portion of the bike lanes and intersection improvements along Azalea Drive, filling in another piece of the Better North Bridge puzzle.

Obtaining input from relevant agencies, we submitted a technical assistance grant application to the National Park Service for conceptual planning around the Wappoo Cut Bridge. We have been advocating to protect SCDOT's bike/ped improvements to the Isle of Palms Connector, which are the first buffered bike lanes in the Charleston region, and the second time green paint has been incorporated.

Complete Streets

We mobilized and advocated for robust multi-modal space and design in key projects, and our engagement led to improved designs, additional funding and/or leveraged opportunities. We have continued coordinating with the City of Charleston to improve their design proposal for Huger Street, from Meeting Street to Morrison Drive, as well as their proposal for the Nowell Creek bike/ped bridge.

Charleston Moves has formally supported Mount Pleasant Way, a planned town-wide bicycle and pedestrian system. We have submitted support letters for greenbelt funding for specific segments, and coordinated public input during comment sessions for areas including Whipple Trail and National

Drive Trail.

We conducted counts and developed suggestions for the County's Savannah Highway Intersection Improvements project, as original designs fell short of our expectations for safe and robust bike/ped enhancements. We have supported SCDOT's safety proposals for King, Meeting, St. Philip and Calhoun Streets, including rallying comments for public input and addressing a vocal minority opposing the King Street bike lane proposal. We continue to advocate for more improvements to Ashley Phosphate Road, particularly in light of the fatality of Mr. Carlos Dunlap.

We have a robust campaign of petition signatures, survey responses, interviews and counts in support of our request for the City of North Charleston to develop a master bicycle and pedestrian plan, and we have continued our negotiations with SCDOT to incorporate better bike/ped/transit mitigation in their plan for Lowcountry Corridor WEST.

Policy Updates

We participated in the development of SCDOT's first Pedestrian and Bicycle Safety Action Plan (PBSAP). It is already being implemented over the next year through the prioritization and funding of 19 projects, a handful of which are in Charleston County. We also sit on SCDOT's new Complete Streets Council, and provided suggestions for the update of the Transportation Alternatives Program, which is a primary source of multi-modal funding that funnels down from the federal government.

Many of these committees address portions of our signature 32-mile Battery2Beach (B2B) route. We convene our B2B Working Group annually, which is comprised of representatives from the City of Folly Beach, the Town of James Island, the City of Charleston, Charleston County, the Town of Mount Pleasant, the Town of Sullivan's Island, the City of Isle of Palms, SCDOT, citizens and Charleston Moves.

In 2022, with things resuming to a "new normal" after the pandemic, we gave presentations to a variety of neighborhoods across the county, as well as to partner groups such as the Charleston Climate Coalition and the Charleston Metro Chamber of Commerce's Leadership Charleston. We even participated in a visit from Congressman Clyburn and Secretary Buttigieg.

Critical Mass

We rallied public participation in a broad array of project proposals, including but not limited to:

- Mount Pleasant: Comprehensive Plan deep-dives; the I-526/Long Point intersection project
- James Island: Rethink Folly Road
- Johns Island: Main Road projects
- Downtown: Union Pier street redevelopment
- Regional: Charleston County Comprehensive Plan update

We hosted our annual Mobility Month program, with an impressive number of participants. May's Mobility Month events are aimed at bringing the

community together to elevate multi-modal accomplishments, provide updates on our priority projects, and offer calls to action, as well as volunteer opportunities, to advance our people-powered movement. Critical mass is of critical importance as we work to build widespread, diverse community support and demonstrate how safe, equitable infrastructure that works for all, benefits all. We tied our events to advocacy around Better North Bridge, People Pedal, the Ashley River Bridge, the Wappoo Cut Bridge, Rethink Folly Road, and the Lowcountry Corridor mitigation needs. We also brought back our annual gala, Pedal & Panache, elevating our movement through action and a celebration of progress.

Our organizing and data collection work this year resulted in:

- the distribution of 150 free bike light sets and educational bi-folds to community members to ensure economic access to safety is not a barrier to survival;
- the completion of 100 hours of bike/ped counts with our volunteers in locations where our community is particularly vulnerable, generating extremely valuable data to back up our requests for more and better people-oriented designs in transportation projects;
- the support of our neighbors in environmental justice and lower-income communities that lack reliable internet access, by attending community-led events and gatherings, joining neighborhood walks, and more, to help ensure all voices are represented and that everyone has a seat at the table.

Our History

In 1993, the Charleston Bicycle Advocacy Group (CBAG) was founded to elevate support for bicyclists in and around Charleston. The group campaigned for and successfully achieved bicycle lanes on Coleman Boulevard in Mount Pleasant, despite opposition from the Department of Transportation. CBAG lobbied successfully for bicycle racks on buses, for improved cycling access to the Isle of Palms and served on the regional transportation board, voting for sidewalk improvements (especially near schools) and miles of bike paths near county parks.

In the early 2000s, CBAG's lobbying efforts for bike and pedestrian access on the newly-proposed Ravenel Bridge met fierce opposition from the South Carolina Department of Transportation, but it also attracted wide support from high-profile individuals and institutions. Building a groundswell of support for the additional lane, the final bridge plan included a 12-foot wide bicycle and pedestrian path. It also helped shift the focus for CBAG, which changed its name to Charleston Moves in 2005, in recognition of a broader mission: to promote active modes of transportation such as biking and walking, and taking the bus.

In 2009, Charleston Moves launched the Battery2Beach Route initiative, working with multiple government agencies on a vision of 32 miles of continuous bike and pedestrian lanes connecting major beaches in the Charleston area with the iconic Battery at the foot of the Charleston peninsula. At least 40% of the route is complete, with more segments in the works.

Charleston Moves continues to expand the notion of what transportation is,

what it should be and what it can be by working with local municipalities, agencies and other organizations that share its vision of a community connected by mobility options. With a staff of two, Charleston Moves fights for the public's right to safe streets, paths and bridges.
